EiMa Maschinenbau GmbH D-72636 Frickenhausen Phone: +49 (0) 70 22/94 62-0

The custom-tailored machine

Individual solutions for individual requirements

Rapidity

Milling head with several motor spindles
Optimal for applications with few tools
Optionally available with one motor spindle

Versatility

Alternate machining by adaptable dividing wall
for small and medium series production
Simultaneous machining thanks to second machining unit

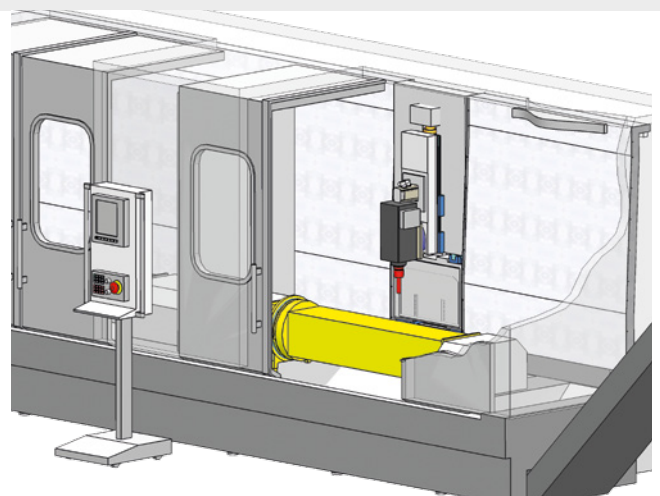

Flexibility

Tool magazine with 12 to 36 places, optionally with rapid double gripper tool changer
Motor spindle from 12 to 35 kW
Minimum quantity lubrication or wet machining
Machining of aluminium, steel and carbon fibre

Productivity

NC-swivelling table as fifth axis increases productivity
by reducing compensation movements and chip-to-chip time
